### Certificate

Mrs. Barbara Piconi residing in Freiburgstrasse 45, 3008 Berne, professional singer and choirmaster, is leading since 12 years different lay and semiprofessional choirs in her singing studios in Berne and St.Moritz.

She acted as musical manager of various concerts like operas, operettas or musicals with smaller or larger orchestra. She is favourably reviewed regarding her musical empathy, her power of self-assertion and her harmony between singers and instrumentalists. She is able to recognize different facets of musical interpretation.

Based on her own longtime singercareer is she enable to estimate and evaluade singervoices at castings.

She is regularly attending my classes concerning her personal self-improvement on choir-conducting since March 2012.

Differential and clear gesticulation in piano and forte are belonging to her dynamic potential.

She has got a very good sense of musical balance to accord every single instrumentalist and singer.

Due to her musical parents` home (both one`s parents have been operasingers) runs her passion to music in the blood and her creative inspiration is arising therby.

I am glad to accompany her further on on her musical road of life.
